Oracle University Self-Study courses: a full Oracle training curriculum for self-paced study, anytime, anywhere.

Learn Better and Faster

Self-Study training from Oracle University is a proven way to train effectively and uses the latest multimedia technology, graphics, screen shots and real-time exercises. You can train when and where you prefer: at your desk, at home, even on an airplane.

We have found that students gain more value from instructor-led courses when they participate in self-study prior to taking the course. Students find these offerings serve as a dynamic reference guide helps with Oracle Certification. You can even use Self-Study courses as an analysis tool to see where your students need to focus more attention.

Key elements of Oracle's Self-Study training include:

- **Learning Flexibility** - focus on the topics that are important to you
- **Simulations** - Hands-on simulations and practices
- **Multimedia Technology** - Proven learning techniques, including visual and audio components, that increase retention of course material

Self-Study Training Options

Oracle University offers a broad collection of Self-Study courses:

- Standard or customized libraries
- Bundles
 - Specific curriculum
 - Preparation for Oracle Certification exams
- Electronic download of all Oracle Self-Study titles
- SCORM and AICC compliance
