

# To access support portal for Wipro

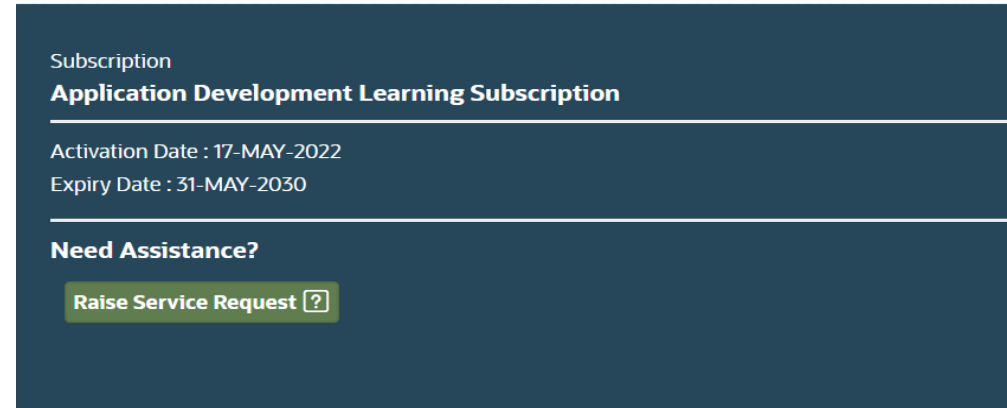

1. Go to <https://education.oracle.com/wipro>
2. Click on **Help & Support**

3. For assistance please click on appropriate Trainings or Order or Event from below and then click on **'Raise Service Request'**.

4. On Clicking **'Raise Service Request'**, it will lead to the OU Support Help page where the most asked queries are answered.

5. On Clicking on the query that you are looking for, you can see the instructions and video representation of the instruction.
6. After following the instructions, if your query is unanswered, you may either Log a ticket, Chat with Live support team or request callback so that the support team can reach out to you directly
